

PHOTOGRAPHY WORKSHOP

- **Want to take great photos on your holidays or at family gatherings?**
- **Looking for a 'wow' factor in your pictures?**
- **Wondering what all your camera's controls do?**
- **Take your photography to a new level with a half day course at St Mary's Church, Redbourn.**

Led by experienced photographer and lecturer, **Stephen Boffey**, this workshop will show you how to use shutter speed, lens aperture and ISO settings to get the results you want.

It will introduce you to some key ideas behind good composition and will include a practical session where you will put these ideas into practice using your own camera.

Suitable for beginners and those who have more experience but tend to leave their camera on 'auto'.
